

CA-Series™ and CN-Series™ analyzers

Hemostasis Reagent Guide

Together for a better
healthcare journey

Sysmex, a leader in clinical laboratory products and services, delivers a comprehensive portfolio of hemostasis analyzers and reagents to support diagnosis and treatment of your most critical patients. From routine clotting tests to specialty assays, our solutions ensure quick and accurate results for monitoring bleeding and thrombotic disorders.

The hemostasis reagents and assay kits supplied by Sysmex are industry tested and trusted, providing diagnostic support for anticoagulant monitoring, bleeding risk assessment and thrombophilia screening. Matched with Sysmex CA-Series™ and CN-Series™ Automated Blood Coagulation Analyzers, laboratories of all sizes and needs can find the right hemostasis solution for their patients and workflow needs.

Assay Application per Analyzer
