1 Identification

- Product identifier
  - Trade name: pocH-pack L
  - Article number: No other identifiers

- Recommended use and restriction on use
  - Recommended use: Diagnostic Testing
  - Restrictions on use: No further relevant information available.

- Details of the supplier of the Safety Data Sheet
  - Manufacturer/Supplier: SYSMEX AMERICA, Inc
    577 Aptakisic Road
    Lincolnshire, IL 60069 USA
    Phone: 847-996-4500
    1-800-3SYSMEX (1-800-379-7639)

- Emergency telephone number: ChemTel Inc.
  (800)255-3924, +1 (813)248-0585

2 Hazard(s) identification

- Classification of the substance or mixture
  The product is not classified as hazardous according to the Globally Harmonized System (GHS).

- Additional information:
  There are no other hazards not otherwise classified that have been identified.
  0 percent of the mixture consists of ingredient(s) of unknown toxicity.

- Label elements
  - GHS label elements
    The product is not classified as hazardous according to OSHA GHS regulations within the United States.

- Hazard pictograms: Not Regulated
- Signal word: Not Regulated

- Hazard-determining components of labeling: None.
- Hazard statements: Not Regulated
- Precautionary statements: Not Regulated
- Hazard description:
  - HMIS-ratings (scale 0 - 4) * - Indicates a long term health hazard from repeated or prolonged exposures.

3 Composition/information on ingredients

- Chemical characterization: Mixtures
Trade name: pocH-pack L

<table>
<thead>
<tr>
<th>Dangerous components:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>112-00-5 Dodecytrimethylammonium-chloride</td>
<td>&gt;.5 - &lt; 1.0%</td>
</tr>
<tr>
<td>112-03-8 Trimethyloctadecylammonium-chloride</td>
<td>&lt; .5 %</td>
</tr>
</tbody>
</table>

- **Dangerous components:**
  - Organic quaternary ammonium salt: CAS 112-00-5, CAS 112-03-8
  - For the listed ingredients, the identity and exact percentages are being withheld as a trade secret.
  - For the wording of the listed risk phrases refer to section 16.

4 First-aid measures

- **Description of first aid measures**
  - **General information:** No special measures required.
  - **After inhalation:** Take affected persons into fresh air and keep quiet.
  - **After skin contact:**
    - Immediately rinse with water.
    - If skin irritation is experienced, consult a doctor.
  - **After eye contact:**
    - Remove contact lenses if worn, if possible.
    - Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
  - **After swallowing:**
    - Rinse out mouth and then drink plenty of water.
    - Do not induce vomiting; immediately call for medical help.
  - **Information for doctor:**
    - **Most important symptoms and effects, both acute and delayed** No further relevant information available.
    - **Danger** No further relevant information available.
    - **Indication of any immediate medical attention and special treatment needed** No further relevant information available.

5 Fire-fighting measures

- **Extinguishing media**
  - **Suitable extinguishing agents:**
    - The product is not flammable.
    - Use fire fighting measures that suit the environment.
  - **For safety reasons unsuitable extinguishing agents:** None.
  - **Special hazards arising from the substance or mixture**
    - Formation of toxic gases is possible during heating or in case of fire.
  - **Advice for firefighters**
  - **Protective equipment:**
    - Wear self-contained respiratory protective device.
    - Wear fully protective suit.
  - **Additional information** No further relevant information available.

(Contd. on page 3)
6 Accidental release measures

- **Personal precautions, protective equipment and emergency procedures** Ensure adequate ventilation.
- **Environmental precautions**: Dilute with plenty of water.
- **Methods and material for containment and cleaning up**:
  - Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
  - Dispose contaminated material as waste according to item 13.
  - Send for recovery or disposal in suitable receptacles.
- **Reference to other sections**
  - See Section 7 for information on safe handling.
  - See Section 8 for information on personal protection equipment.
  - See Section 13 for disposal information.

7 Handling and storage

- **Handling**:
  - **Precautions for safe handling** Use only in well ventilated areas.
  - **Information about protection against explosions and fires**: No special measures required.
- **Conditions for safe storage, including any incompatibilities**
  - **Storage**: 2 – 35 °C
  - **Requirements to be met by storerooms and receptacles**:
    - Store in a cool location. Provide acid-resistant floor. Provide ventilation for receptacles.
  - **Information about storage in one common storage facility**:
    - Store away from foodstuffs.
    - Do not store together with Oxidizing agents.
  - **Further information about storage conditions**: Keep receptacle tightly sealed.
  - **Specific end use(s)** No further relevant information available.

8 Exposure controls/personal protection

- **Additional information about design of technical systems**: No further data; see item 7.
- **Control parameters**
- **Components with limit values that require monitoring at the workplace**:
  - The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
  - **Additional information**: The lists that were valid during the creation were used as basis.
Trade name: pocH-pack L

- Exposure controls
- Personal protective equipment:
- General protective and hygienic measures:
The usual precautionary measures for handling chemicals should be followed.
Keep away from foodstuffs, beverages and feed.
Wash hands before breaks and at the end of work.
Avoid contact with the eyes and skin.
- Engineering controls: No further relevant information available.
- Breathing equipment: Not required under normal conditions of use.
- Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.
Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation
- Material of gloves
The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and
varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the
glove material can not be calculated in advance and has therefore to be checked prior to the application.
- Penetration time of glove material
The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
- Not suitable are gloves made of the following materials: PVA gloves
- Eye protection:

Safety glasses

- Body protection:
Not required under normal conditions of use.
Protection may be required for spills.
- Limitation and supervision of exposure into the environment Avoid release to the environment.
- Risk management measures See Section 7 for additional information.

9 Physical and chemical properties

- Information on basic physical and chemical properties
- General Information
- Appearance:
  - Form: Liquid
  - Color: Clear
  - Odor: Odorless

(Contd. on page 5)
Trade name: pocH-pack L

- Odor threshold: Not determined.
- pH-value at 20 °C (68 °F): 5.3
- Change in condition
  - Melting point/Melting range: 0 °C
  - Boiling point/Boiling range: 100 °C
- Flash point: Not applicable.
- Flammability (solid, gaseous): Not applicable.
- Auto-ignition temperature: Not determined.
- Decomposition temperature: Not determined.
- Auto igniting: Product is not self-igniting.
- Danger of explosion: Product does not present an explosion hazard.
- Explosion limits:
  - Lower: Not determined.
  - Upper: Not determined.
- Vapor pressure: Not determined.
- Density: 1.003g/ml @ 20 °C
- Relative density: Not determined.
- Vapour density: Not determined.
- Evaporation rate: Not determined.
- Solubility in / Miscibility with
  - Water: Fully miscible.
- Partition coefficient (n-octanol/water): Not determined.
- Viscosity:
  - Dynamic: Not determined.
  - Kinematic: Not determined.
- Other information: No further relevant information available.

10 Stability and reactivity

- Reactivity
- Chemical stability
- Thermal decomposition / conditions to be avoided:
  No decomposition if used and stored according to specifications.
- Possibility of hazardous reactions Reacts with strong Oxidizing Agents.
- Conditions to avoid No further relevant information available.

(Contd. on page 6)
Trade name: pocH-pack L

- **Incompatible materials:** No further relevant information available.
- **Hazardous decomposition products:** Carbon monoxide and carbon dioxide

## 11 Toxicological information

- **Information on toxicological effects**
  - **Acute toxicity:** None.
  - **Primary irritant effects:**
    - **on the skin:** Slight irritant effect on skin and mucous membranes.
    - **on the eye:** Slight irritant effect on eyes.
  - **Sensitization:** No sensitizing effects known.
  - **Subacute to chronic toxicity:** No further relevant information available.
  - **Additional toxicological information:**
    - The product is not subject to classification according to internally approved calculation methods for preparations: When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

### Carcinogenic categories

- **IARC (International Agency for Research on Cancer)**
  - None of the ingredients is listed.

- **NTP (National Toxicology Program)**
  - None of the ingredients is listed.

- **OSHA-Ca (Occupational Safety & Health Administration)**
  - None of the ingredients is listed.

- **Probable Routes of Exposure**
  - Inhalation.
  - Eye contact.
  - Skin contact.
  - Ingestion.

- **Acute effects (acute toxicity, irritation and corrosivity):** None.

- **Repeated Dose Toxicity:** No further relevant information available.

## 12 Ecological information

- **Toxicity**
  - **Aquatic toxicity:** No further relevant information available.
  - **Persistence and degradability** No further relevant information available.
  - **Behavior in environmental systems:**
    - **Bioaccumulative potential** No further relevant information available.
  - **Mobility in soil** No further relevant information available.
Trade name: pocH-pack L

- Additional ecological information:
- General notes:
  Not known to be hazardous to water.
  Water hazard class 1 (Self-assessment): slightly hazardous for water
- Other adverse effects: No further relevant information available.

13 Disposal considerations

- Waste treatment methods
  - Recommendation:
    Can be disposed of with household garbage with prior chemical-physical or biological treatment following consultation with the waste disposal facility operator and the pertinent authorities and adhering to the necessary technical regulations.

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

- Uncleaned packagings:
  - Recommendation: Disposal must be made according to official regulations.

14 Transport information

- UN-Number
  - DOT, ADN, IMDG, IATA: Not Regulated
- UN proper shipping name
  - DOT, ADN, IMDG, IATA: Not Regulated
- Transport hazard class(es)
  - DOT, ADN, IMDG, IATA: Not Regulated
- Class
  - Not Regulated
- Packing group
  - DOT, IMDG, IATA: Not Regulated
- Environmental hazards:
  - Marine pollutant: No
  - Special precautions for user: Not applicable.

- Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: Not applicable.

(Contd. of page 6)
## 15 Regulatory information

- **Safety, health and environmental regulations/legislation specific for the substance or mixture**
- **United States (USA)**
- **SARA**

<table>
